

# S-912M<sup>TM</sup>

## AUTOMATIC SCREEN PRINTER

The Printer's  
*Choice*

**MODEL S-912M**  
Shown with Optional  
Single-Cycle Foot  
Switch

If your screen printing work requires only a small-format printer, but you can't do without the automatic operation and precision of larger machines, the S-912M from A.W.T. / American M&M is the perfect choice.

Its adjustable elevated base allows the S-912M to accommodate substrates of varying thickness. And with the optional micro-adjustable table, the S-912M provides registration controls that ensure precise +/- .001" repeatability. Made in America, the unit is designed for reliable performance over the long term and easy maintenance.

When the time comes to equip your shop with an automatic small-format printer, choose the speed, precision, versatility, and durability of the S-912M by A.W.T. / American M&M. With its unique combination of features, the S-912M is easily the finest screen printer in its size and price range.

- In production for over 30 years
- Easy to operate - plug in, set up and print
- Aircraft-quality aluminum table construction - heaviest gauge printing surface
- State-of-the-art up-front controls
- Five-digit reset counter
- Micro-registration table available +/- .001"
- Variable cycle speeds
- Adjustable print stroke length
- Solid-state 1-15 second dwell timer
- Caster base for easy mobility
- Heavy-duty stainless-steel chassis frame
- Brushless, maintenance-free Quiet Vacuum

**NEW!**

### Elevated Base

Lowers table away from screen for printing on plywood, glass, styrofoam, plastic extrusions or other thick substrates

### Micro-Registration

Optional micro-adjustable table provides rapid registry in .001" increments

### Up-Front Control Panel

Provides easily accessible controls for operator convenience and increased productivity

### Quiet Vacuum

Brushless, maintenance-free vacuum for quiet, efficient operation

## STANDARD FEATURES

- Solid-state 1-15 second dwell timer
- 5-digit reset counter
- Adjustable print stroke
- Maximum screen frame 18.5 x 20" O.D.
- Caster base for easy mobility
- Aircraft-quality aluminum print bed
- 2" adjustable table height
- Brushless, maintenance-free Quiet Vacuum

## OPTIONS

- Micro-registration table
- Pneumatically-operated registration guides
- Front or rear pneumatic screen clamps
- Single-cycle foot switch
- Extra squeegee holders or floodbars
- Spare parts package
- Conversion to 50 Hz
