

Ulanano[®]

CITRUS SCREEN OPENER™

A Fast-Evaporating, On-Press Screen Opener; Leaves No Residue After Drying

Citrus Screen Opener is a fast-evaporating solvent blend for opening screens or making ink changes on press. **Citrus Screen Opener** leaves no residue after drying and can also be used to remove residue from slower-evaporating solvents. **Citrus Screen Opener** has a balance of vapor pressure and flash point that reduces odor yet dries quickly.

Ulanano Total Screen Chemistry products are manufactured to the highest standards in the industry. They are completely compatible with all Ulanano stencil systems—Direct Emulsions, CDF[®] Direct-Films, Indirect System Photographic Films, Knifecut Stencil Films, and Ulanoline[®] Direct/Indirect Films. Together, they comprise a comprehensive system of screen care and stencil production products for the quality-oriented screen printer. **Ulanano Total Screen Chemistry** products enable screen printers to make consistent, trouble free stencils—every time.

PRODUCT FEATURES

Advanced formulation

Shelf life

BENEFITS

Effective with most inks in a single application
Fast drying
Leaves no residue after drying
Reduced odor
Can be used to remove residue from slower-evaporating solvents
Biodegradable in adapted wastewater treatment facilities

1 year at 68° F. (20° C.)
