

CITRUS SCREEN OPENER

A FAST-EVAPORATING, ON-PRESS SCREEN OPENER; LEAVES NO RESIDUE AFTER DRYING

Citrus Screen Opener is a fast-evaporating solvent blend for opening screens or making ink changes on press. **Citrus Screen Opener** leaves no residue after drying and can also be used to remove residue from slower-evaporating solvents. **Citrus Screen Opener** has a balance of vapor pressure and flash point that reduces odor yet dries quickly.

INSTRUCTIONS

Wear gloves, goggles, and protective clothing. Remove as much ink as possible with a scraper. Soak a work rag with **Citrus Screen Opener** and rub it on both sides of the screen until the ink blockage is dissolved and can be wiped from the stencil. If any ink residue remains, apply additional **Citrus Screen Opener** to the screen and brush it every minute or two until the ink is dissolved. Remove ink residue with a work rag.

CAUTION

Avoid contact with skin and eyes. Wear gloves, goggles, and protective clothing. Work in a well ventilated area and do not breathe fumes. If exposure limits are exceeded, wear respiratory protection. **Citrus Screen Opener** can attack frame adhesives, so dwell times should be kept as brief as possible.

PRODUCT DATA

Flash point:	107° F. (42° C.)
Color:	none
TLV:	100 ppm Naphtha solvent
VOC:	7.56 pounds per gallon (908 grams per liter)
HMIS ratings:	Health: 2 Flammability: 2 Reactivity: 0
Vapor pressure:	<10 mm/Hg at 68° F. (20° C.)
Shelf life:	1 year at 68° F. (20° C.)
Disposal:	Citrus Screen Opener can generally be washed down drains and is biodegradable in adapted waste-water treatment facilities, but this should be verified with a review of the Material Safety Data Sheet with local authorities.

FORMATS

Citrus Screen Opener is available in quart (946 ml.), U.S. gallon (3.78 lt.), 5 U.S. gallon (18.92 lt.), and 50 U.S. gallon (189.25 lt.) units. Quart units are packaged 12 per carton; U.S. gallon units are packaged 4 per carton; 5 and 50 U.S. gallon units are packaged individually.
